Volunteer Count, Patient Count and Vol to Pat Percentage broken down by City. The data is filtered on County, Action (target calculated, City) and Action (City). The County filter keeps Collin, Dallas, Denton and Kaufman. The Action (target calculated, City) filter keeps 75 members. The Action (City) filter keeps 75 members. The view is filtered on City, which keeps 75 of 75 members.

Percentage Circle Map

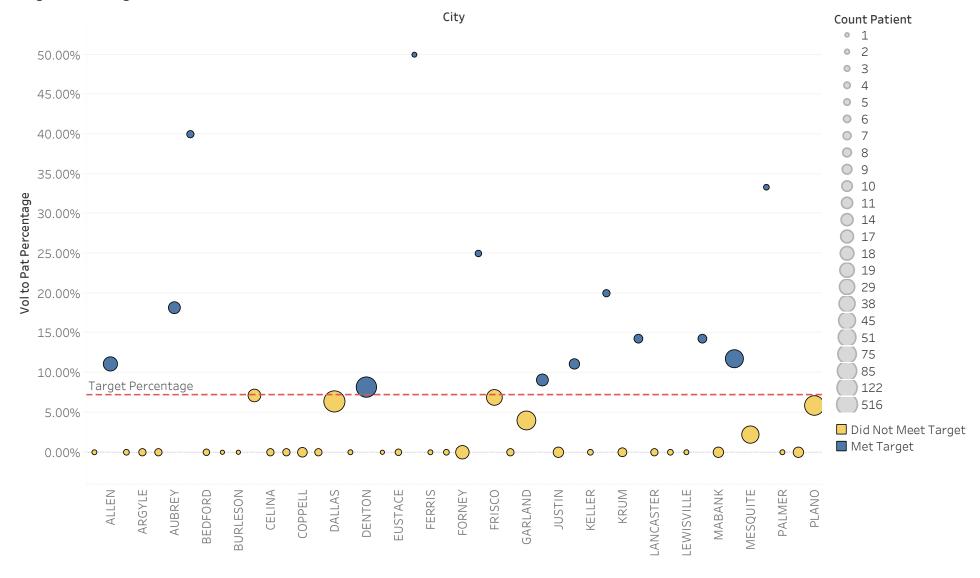

Map based on Longitude (generated) and Latitude (generated). Color shows sum of Vol to Pat Percentage. Size shows details about sum of Count Patient. Details are shown for City.

Percentage Circle Map

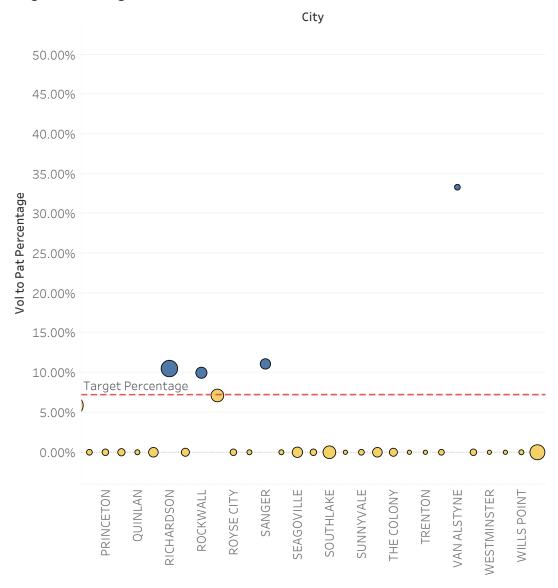

Map based on Longitude (generated) and Latitude (generated). Size shows details about sum of Count Vol. Details are shown for City. The data is filtered on Action (City (group)), Action (County) and Action (target calculated, City). The Action (City (group)) filter keeps 4 members. The Action (County) filter keeps 4 members. The Action (target calculated, City) filter keeps 75 members.

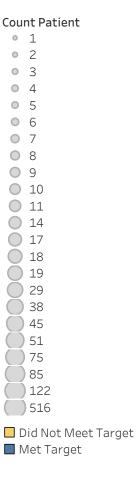

Target Percentage

Sum of Vol to Pat Percentage for each City. Color shows details about target calculated. Size shows details about sum of Count Patient. The data is filtered on Action (County), which keeps 4 members.

Target Percentage

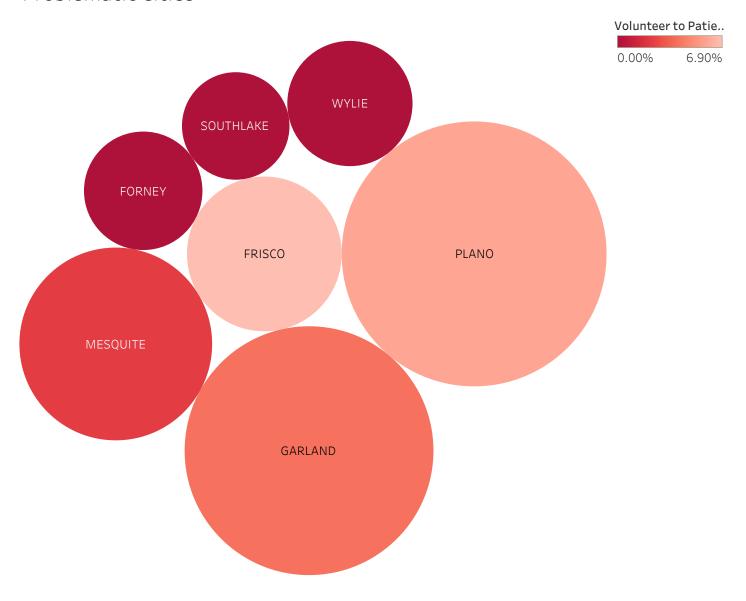

Sum of Vol to Pat Percentage for each City. Color shows details about target calculated. Size shows details about sum of Count Patient. The data is filtered on Action (County), which keeps 4 members.

County Average Percentage

County	Target Percentage
Dallas	6.15%

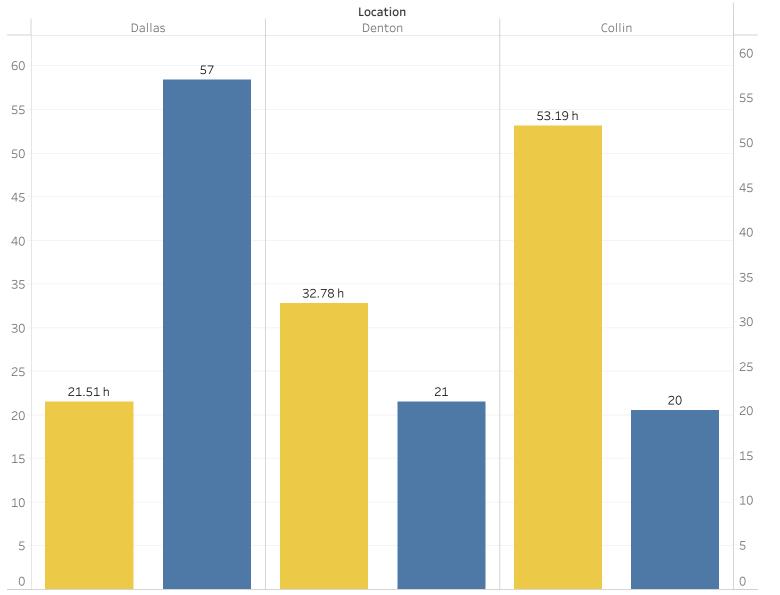

Target Percentage broken down by County. The data is filtered on Action (City), which keeps 75 members. The view is filtered on County, which keeps Dallas.

Problematic Cities

City. Color shows sum of Volunteer to Patient %. Size shows sum of Number of Patients. The marks are labeled by City. The view is filtered on City, which keeps 7 members.

Volunteer Count and Hours Per Volunteer

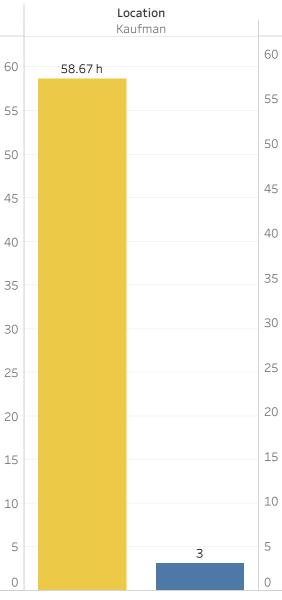

Average Hours per Volunteer and Number of Volunteers for each Location. Color shows details about Average Hours per Volunteer and Number of Volunteers. For pane Sum of Average Hours per volunteer: The marks are labeled by Average Hours per Volunteer. For pane Sum of Number of Volunteers: The marks are labeled by Number of Volunteers.

Measure Names

Average Hours per Volunteer

Number of Volunteers

Volunteer Count and Hours Per Volunteer

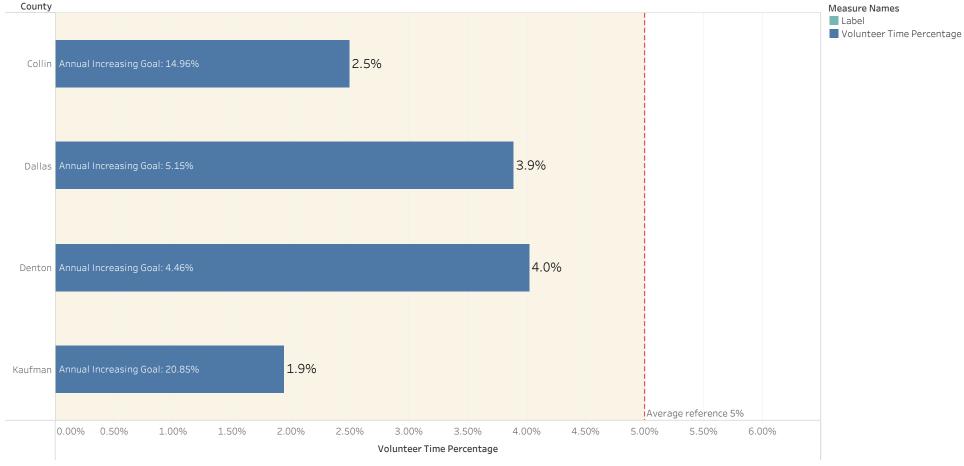

Average Hours per Volunteer and Number of Volunteers for each Location. Color shows details about Average Hours per Volunteer and Number of Volunteers. For pane Sum of Average Hours per volunteer: The marks are labeled by Average Hours per Volunteer. For pane Sum of Number of Volunteers: The marks are labeled by Number of Volunteers.

Measure Names

Average Hours per Volunteer

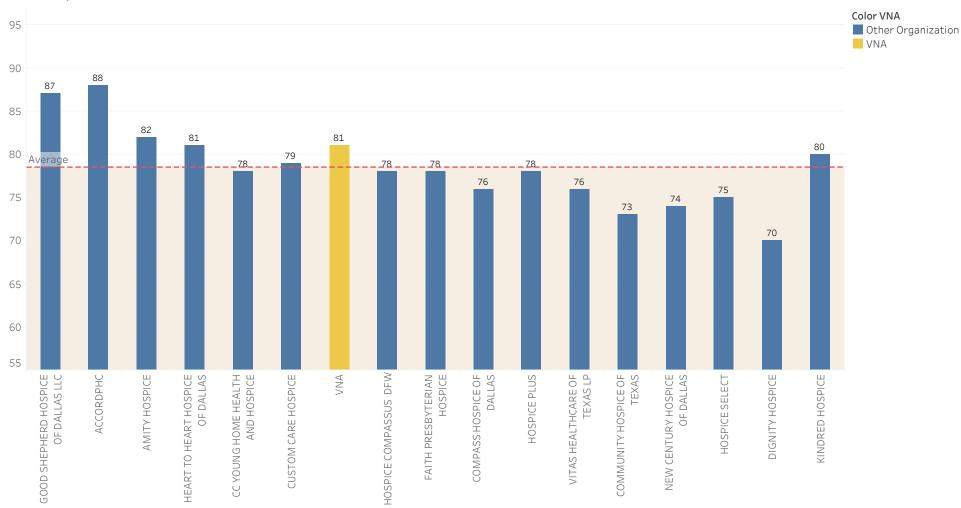

Number of Volunteers

Volunteer Hours: Year 2018

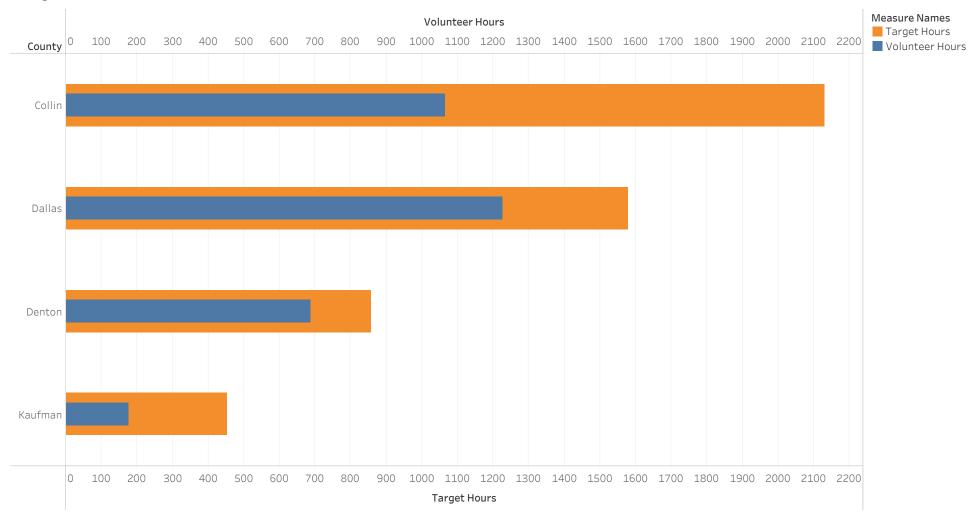

Volunteer Time Percentage and Label for each County. Color shows details about Volunteer Time Percentage and Label. For pane Sum of Volunteer Time Percentage: The marks are labeled by Volunteer Time Percentage. For pane Sum of Label: The marks are labeled by sum of Increasing goal.

Score Compared in Dallas: Communicated Well

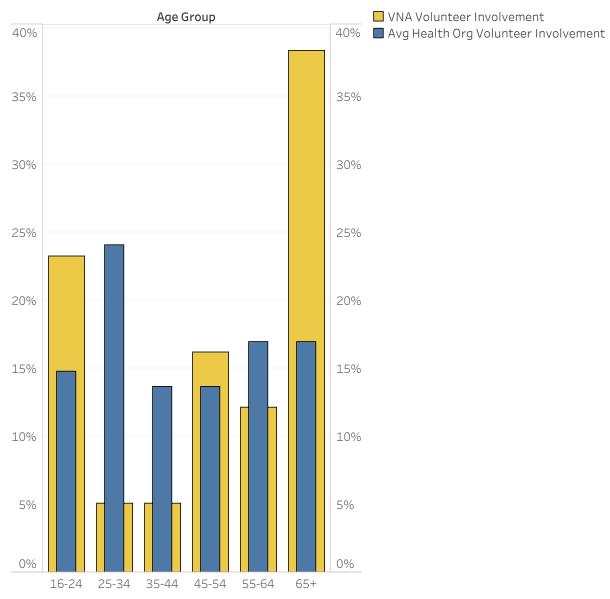

Sum of Score for each Facility Name1. Color shows details about Color VNA. The marks are labeled by sum of Score.

Target Hours

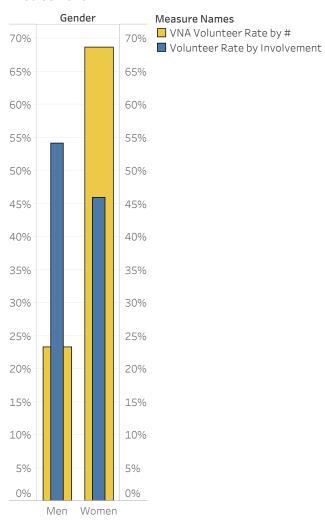

Target Hours and Volunteer Hours for each County. Color shows details about Target Hours and Volunteer Hours.

Age Involvement

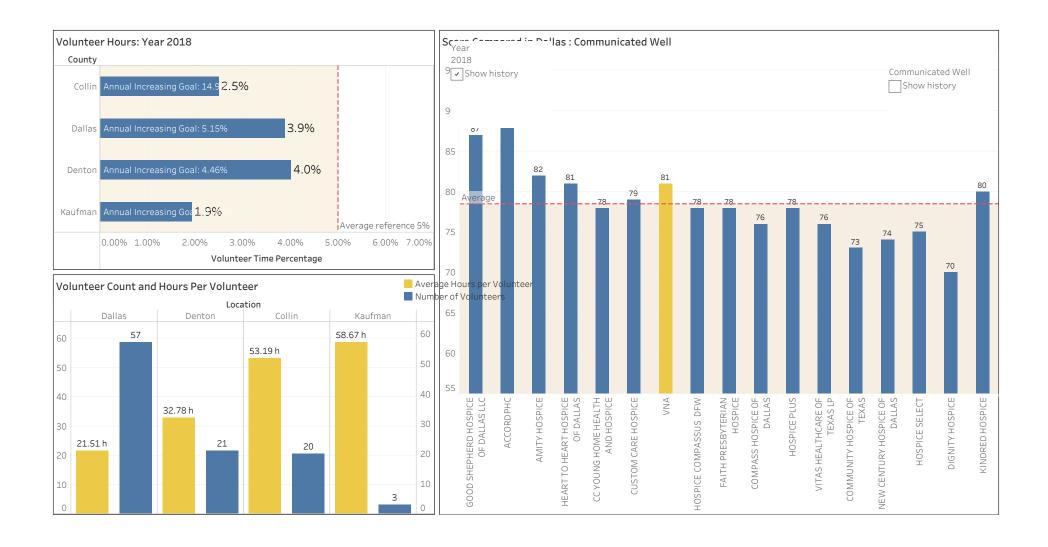

VNA Volunteer Involvement and Avg Health Org Volunteer Involvement for each Age Group. Color shows details about VNA Volunteer Involvement and Avg Health Org Volunteer Involvement. The view is filtered on Age Group, which excludes Null and Combined.

VNA Gender with Involvement

VNA Volunteer Rate by # and Volunteer Rate by Involvement for each Gender. Color shows details about VNA Volunteer Rate by # and Volunteer Rate by Involvement. The view is filtered on Gender, which excludes Null and Combined.
